LIFEJACKET 165N/300N HYDROSTATIC STYLE

The Besto Hydrostatic 300N is a life jacket designed for use on open sea and in all weather conditions:

- extreme weather.
 - when wearing heavy protective waterproof clothes.
- The jacket remains safe and will rotate the body so that the airways are clear of the water.

FEATURES AND BENEFITS HYDROSTATIC

- Unique hydrostatic valve that protects the water-sensitive element. No activation in rain, spray, splashing water and humidity.
- Single-point indicator shows that the inflator is ready for use.
- Cylinder seal indicator (green) ensures that the cylinder has not been used.
- Gas cylinder located inside the lifejacket bladder. Cylinder protected against corrosion. Reduces the risk of snagging.
- No service required on the inflator cap for 5 years.
